

Privacy Policy for StarExplorer

Last updated: March 15th, 2024

Welcome to StarExplorer

Our game is a thrilling space shooter adventure where players navigate the cosmos, dodging and destroying asteroids in a bid for survival. With each level, the challenge intensifies, offering endless entertainment and engagement. This Privacy Policy outlines how we handle any information related to your experience with StarExplorer.

Personal Information

StarExplorer is committed to protecting your privacy. As an offline game, we do not collect, store, or share any personal information from our users. Our game is designed for pure entertainment, free from any data collection processes.

Data Usage

Since we do not collect any data, there is no usage of user data to describe.

Data Storage and Security

As we do not collect data, there are no data storage or security practices applicable to our users' personal information.

Third-party Services

To enhance your gaming experience, StarExplorer incorporates Appodeal's ad services for serving advertisements within the game. Appodeal may collect certain non-personal information for ad targeting purposes, such as:

- Technical device data and usage data for optimizing ad delivery.
- Network information to deliver ads suitable for your connection speed.
- General location information derived from your IP address for region-specific ads.
- Identifiers for advertising to personalize ads without revealing your identity.

For more detailed information on Appodeal's data collection and use, please refer to their privacy policy at <https://www.appodeal.com/home/privacy-policy/>.

User Rights

As StarExplorer does not collect any user data, there are no specific user rights related to personal data access, update, or deletion within our game.

Age Limitations

StarExplorer is intended for users aged 13 and above. We do not knowingly collect any information from children under the age of 13.

Updates to the Privacy Policy

Any changes to our privacy policy will be communicated through an in-app notification. We encourage you to periodically review this policy for any updates.
